## TECHNOLOGY

# A New Approach to Chiropractic

with space age technology

We now feature the **PROADJUSTER™**

### *The Perfect Chiropractic Adjustment!!*

The ProAdjuster is one of the most advanced Chiropractic analysis and treatment systems in existence today. With the ProAdjuster, our office has built a sterling reputation by delivering results that make a difference.

There is **NO** twisting or turning of the neck or back. You sit while the computer and the chiropractor do all the work! If you have not responded well to chiropractic in the past, this new technology may be your answer to a pain-free life.

Conditions that respond well to

THE **PROADJUSTER™**

Headaches • TMJ • Neck Pain • Back Pain  
Carpal Tunnel • Plantar Fasciitis • Shoulder Pain  
Elbow Pain • Knee & Hip Pain

## The Challenge of Back Pain

A new therapy & treatment program in Chiropractic.

### SPINAL DECOMPRESSION

Spinal Decompression is an effective way to treat a herniated disc and spinal canal stenosis.

If you are interested in a conservative alternative to back surgery, then **Spinal Decompression** may offer a resolution to your pain.
