## CHIROPRACTIC

Dr Christian Cho B.S., D.C., C.C.S.P.  
Certified Chiropractic Sports Physician

Dear Patient,

Welcome to our practice! Thank you for choosing us for your chiropractic care. Please know that your improvements and results are our greatest priority. Historically, chiropractic care reduces pain and restores tissue strength faster than many other health care professions. Our treatment plans are based on previous factors, current complaints, and health goals. Every patient is unique and will have different treatment objectives.

By now you should have a general understanding of your insurance coverage, whether it deals with private insurance, an auto accident/third party case, or a worker's compensation type plan. Each insurance plan will have different benefits. There may be a co-payment each visit, a deductible that must be met, a co-insurance cost, non-covered costs, etc. Due to this fact, there is a possibility that some of the billed treatment procedures may not be *completely* covered by your insurance (some of the treatments billed with fall under rehabilitation, physical therapy, or massage). You may owe a portion for your treatments above your co-pay amount.

Though we don't expect everyone to become experts in insurance, we would like you to know about your insurance coverage. You can always call your Member Services and ask them questions regarding your care.

***We will only perform procedures that are medically necessary to increase your results! We won't base your treatment plan on your insurance coverage, but we do understand that you may have financial concerns regarding your care. Please voice any questions, concerns, or comments. I don't wish for anything to impede your recovery.***

By signing below, I attest that I have read and understand the above letter and its financial implications.
